VILAS COUNTY GOES "OVER TOP"

The following figures were received this morning from Cashier Wiegand of the Farmers and Merchants State Bank, showing the subscription of Vilas county towns thus far to the 3rd Liberty Loan.

In every drive made for war funds by the government, and other sources Vilas county, notwithstanding its voting strength is barely 1000, has as in the present instance, gone far in excess of its allotted quota. It is a record that every resident of the county may well be proud of.

EBY SELLS BIG TRACT OF LAND

C Eby has sold all the Chafee Land Company's lands in the town of Newbold, Sugar Camp and Pine Lake, consisting of 3700 acres, to parties in Minneapolis, Minn., who intend to colonize same.

This is one of the largest sales of wild land made in Oneida county in recent years, and it will mean a lot of actual settlers for the county. The parties who purchased the tract are real live wires and make a business of colonizing.

POWDER WORKERS PASS THRU CITY

Tuesday morning four coach loads of men, numbering 271 men, passed through Rhinelander via the Northwestern railway on the way from Chicago to Barksdale, where they will be employed in construction work at the Dupont powder plant. The men were attracted by the high wages now being paid at the plant and many of them quit their jobs in Chicago to secure the advanced wages at the Barksdale plant.

\$35 FOR RED CROSS

At a social in the town of Pelican given by Mrs. George Coleman, assisted by William Gilley, the sum of thirty-five dollars was netted for the Red Cross. A very pleasing program was carried out, including a patriotic address by District Attorney A. J. O'Melia, songs by the Trumble Twins and music by Bruce's orchestra. So successful was the affair that another of a similar nature will be given in the near future.

RIEK DELEGATE

E. K. Riek, director of the Rhinelander City Band and Tomahawk Band, has been elected delegate from the local musicians' union to the twenty-third annual convention of the American Federation of musicians in Chicago, beginning May 13.

The convention will be held in the Hotel Morrison and it is expected that one thousand musicians from every part of the country will be present.

LIEUT. A. J. LYTLE TELLS OF FIGHT

Mrs. A. J. Lytle has received the following letter from her husband, Lieutenant Lytle:

France, April 15, 1918.

My Dear Wife and Son:—Just received your letter dated March the 24th, the last letter from you was dated March the 14th, so I will be waiting for two or three from you that was no doubt written between those two dates.

I got two bunches of papers, one dated March 16, so I am caught up on them as it takes a month for them to come over.

We have had regular April weather now for a week, raining more or less every day. When it rains here it is nothing like it was at Waco; it is just about like around home when it rains.

Every one here is digging in and up on their toes for we are now down to the real thing, and I can tell you it is some game. Nobody is kicking because they had to train so hard and long, for now they know why that was all necessary. The boys are scrapping side by side with the French and English I would like to tell you all about what I have seen, up on the front, but I can say with all the confidence in the world that although the Germans are pushing against our line with all the weight they command, they will never get through. They are right now taking the d—dest licking they ever had, and they don't seem to realize it. The losses of the Germans are sickening. When you have stood all day and watched thousands of them slaughtered, you will wonder how long they intend to keep it up.

Everybody seems to think that when the "Bosche" sees he can't lick the allies in this battle now going on he will give up and just quit before another year comes around. It is now a certainty that he is trying to do it before we get enough over here. But the fact is he is licked already, and it is only a question of how long it is going to take the d— fool Kaiser to find it out.

Everybody is getting fat over here so I guess the excitement and climate agrees with them. They have beautiful roads and lots of them; they are all macadamized. You can travel just as fast as the law allows and sure can cover a lot of ground in a day.

Well, I think this will have to last you for another four or five days.

With love,
FATHER.

INDIANS UNFURL SERVICE FLAG

Indians of the Lac Court Oreille reservation lately gathered to dedicate a service flag with sixty stars. Father Philip Gordon, Indian priest read the Catholic ritual for the blessing of service flags and the orations for victory. Following the religious rites, Dr. Charles Montezuma, University of Chicago, one of America's most distinguished Indians, delivered an address on Indians and Democracy.

The dedication brought together perhaps the largest crowd of Indians gathered in the northwest in recent years. Delegates from the other Wisconsin reservations were present. The Indians of northern Wisconsin have furnished 200 soldiers. The reserve is nearly depleted of its young manhood.

INJURED IN FRANCE

Lieut. Clifford R. Livingston of Merrill is reported to have been severely injured in France. He is a prominent young business man of Merrill and is married.

AMERICA—THE SYMBOL OF FAITH AND HOPE

By GEO. W. GOETHALS

Acting Quartermaster General

EVERY American citizen should be proud of the American Red Cross. It is daily, indeed hourly, giving an example of mercy to the whole world. Through its operations the suffering of soldiers and civilians is being alleviated.

The American people should continue to support the American Red Cross. Through it they are helping their own men and helping the allies. Through it they are making America the symbol of faith and hope in a distracted world.

GEO. W. GOETHALS,
Acting Quartermaster General.

(Continued on last page)

LEASES RESORT AT LAKE JULIA

Vern McLaughlin has leased the Lake Julia Resort, one mile south west of Rhinelander, and will conduct the same during the coming summer. The resort will be remodeled, new fixtures installed and other improvements made. Mr. McLaughlin will run a first class place and will give patrons the best of service. He will sell ice cream, soft drinks and light lunches. Dances will be held frequently during the season and he will rent the hall for private parties. He will also operate a boat livery in connection with the resort and will rent boats at reasonable rates. Mr. McLaughlin will retain his milk route in this city.

Mr. McLaughlin plans to open the resort about June 1 and will observe the occasion with a free dance. No liquor will be sold at the resort and no rowdiness will be tolerated. All patrons will be courteously treated. Ladies and children will be welcomed at all times.

Lake Julia is the nearest lake to Rhinelander. It is also one of the best fish and pike lakes in the county.

FINDS ENGINE IS AN OLD FRIEND

George Senn, a Northwestern line fireman, who recently went to France for army railroading, found when he stepped on the running board of the locomotive he received that it was an old pal. Senn has one of thirty-six Northwestern locomotives now in the war zone.

"I am driving old 17," he writes James Gorman, Northwestern engineer. "You remember it, don't you? That old teakettle I used to fire for you. It surely was like meeting an old friend."

RAY REDFIELD A LIEUTENANT

Ray Redfield, son of Mr and Mrs Thomas Redfield and grandson of Mrs. L. Cleary of this city, was awarded a second lieutenancy at the third officers' training camp, just closed at Camp Custer, Battle Creek, Mich. Ray's many Rhinelander friends are pleased to learn of his success.

Lieut. Jefferson Redfield, a brother of Ray, is now in France as is also Thomas Redfield Jr., another brother, who is a member of Company L.

RETURN SURPLUS WHEAT FLOUR

The time has now come when our boys in the trenches and on the firing line must have flour and have it at once.

This is to notify all parties who have listed with me excess supplies of wheat flour to arrange at once to return to any retail dealer in Rhinelander. The flour so returned will be paid for in cash or trade on the basis of \$3.00 per each 49 lb sack.

If food is going to win this war—and we believe it is—this is the way to do our bit. Release your surplus flour for the soldiers and do it now.
D. F. RECKER.

FERTILIZER ARRIVES

Farmers who want commercial fertilizer are urged to see W. D. Judy, county agricultural representative, without delay. Two carloads of fertilizer have been received and will be distributed at once.

Mrs. Maurice Straub is numbered among the sick.

HONOR MOTHERS SUNDAY, MAY 12

Next Sunday is Mother's Day. Wear a white carnation in honor of your best friend. Throughout the United States the day will be observed with appropriate services in the churches. In Rhinelander several of the churches have arranged special programs.

70 CANDIDATES JOIN R. N. A.

At the last regular meeting of the Royal Neighbor Camp seventy new members were initiated into the mysteries of the order. It was the largest class ever taken in by Oneida Camp. Mrs. Clara Hoyt was presented with a five dollar gold piece and a beautiful bouquet of flowers in appreciation of her services; also Mrs. Whipple and Mrs. Thurston were presented with a bouquet in honor of their services. The local lodge is now the largest Camp in the state, having a membership of over 400. Refreshments were served to about 200 members. Oneida Camp has also purchased a Liberty Bond.

185 ASHLAND DIV. MEN IN SERVICE

A service flag 7x14 has been ordered for the Ashland division of the Chicago & Northwestern Railway which now has about 185 employees in military service. There will be a star for each one. The flag will be displayed in this city. A new sixty-five foot flag pole will be erected on the station grounds and the service flag will be suspended from a wire extending from the pole to the station. Appropriate ceremonies will be arranged for the flag raising but the date has not yet been set. The Northwestern shopmen in Antigo have raised a sum of money for a flag and are having a 165 foot flag pole made. It is expected that they will have a flag raising program too.—Antigo Journal.

CASE TRACTORS POPULAR

J. I. Case tractors are meeting with popularity among the farmers of Oneida county. Two carloads of these tractors were sold by the T. C. Wood Hardware company this week and another similar consignment is expected within a few days. The Case tractor is a high grade machine and is best adapted for general farm use. The T. C. Wood Hardware company has the exclusive agency for Oneida county.

OPERETTA FOR JR. RED CROSS

"The Land of the Fairies" is the title of a charming little operetta which will be produced by pupils of the McCord school in the high school auditorium Friday night. The money derived from the sale of seats will be turned over to the Junior Red Cross. Admission 17 and 28 cents. Don't miss it.

WILL NOT BE DISFIGURED

Dr. H. J. Westgate states that William Gardner, employee of the pot ash company who was kicked in the face by a horse a few days ago, will probably not even be disfigured as a result of the accident. Although Mr. Gardner's upper jaw was broken the skin was only slightly cut. He is doing as nicely as could be expected.

Patriotic Rally Saturday Night at The Armory.

Senator Roy P. Wilcox Will Speak.

31 ONEIDA MEN ON NEXT DRAFT

On the next draft call Oneida county will furnish 31 men, according to the announcement by Adj. Gen. Orlando Holway.

Milwaukee city and county must furnish one-third of Wisconsin's next quota. Of the 10,007 men called in the state, Milwaukee city and county will furnish 2,478 and the two districts in Milwaukee county, 529.

The men will entrain May 25 for Camp Grant and all the consignment from the state must be in camp within five days. Compared with other sections of the state, the number of men called recently has not been as large proportionately in Milwaukee and other lake shore counties as for other localities of the state. This accounts for the larger call upon Milwaukee. In three counties of the state the call will not be operative, owing to the large number of credits.

Each locality is given credit for the number of men that have enlisted in the regular army or who have been sent to camps within the last three months. The three counties in the state that will not be called upon to send men are Douglas, outside of the city of Superior; Sawyer and Washburn. The only city in the state where the call will not be operative is La Crosse.

Douglas county, outside of the city of Superior, still has a credit of ten men. Sawyer still has a credit of eighty-three and Washburn twenty-one. LaCrosse city has a credit of five.

The call for different counties in the state is as follows: Adams, 29; Ashland, 62; Barron, 40; Bayfield, 31; Brown, 154; Buffalo, 62; Burnett, 20; Calumet, 123; Chippewa, 136; Clark, 131; Columbia, 32; Crawford, 32; Dane I, 95; Dane II, 92; Dodge I, 124; Dodge II, 122; Door, 100; Dunn, 80; Eau Claire, 35; Florence, 22; Fond du Lac I, 77; Fond du Lac II, 55; Forest, 33; Grant, 124; Green, 96; Iowa, 60; Iron, 60; Jackson, 74; Jefferson, 128; Juneau, 31; Kenosha, 73; Keweenaw, 87; La Crosse, 45; LaFayette, 101; Langlade, 69; Lincoln, 83; Manitowoc, I, 149; Manitowoc II, 133; Marathon I, 121; Marathon II, 132; Marinette, 103; Marquette, 31; Milwaukee county I, 280; Milwaukee II, 248; Monroe, 115; Oconto, 107; Oneida, 31; Outagamie I, 97; Outagamie II, 97; Ozaukee, 97; Pepin, 20; Pierce, 45; Polk, 57; Port, 100; Price, 64; Racine, 129; Richland, 53; Rock I, 32; Rock II, 41; Rusk, 34; St. Croix,

33; St. Louis, 107; Shawano, 143; Sheboygan I, 232; Sheboygan II, 160; Taylor, 60; Trempealeau, 46; Vernon, 104; Vilas, 16; Walworth, 102; Washburn, 129; Waukesha, 226; Waupaca, 132; Waushara, 12; Winnebago, 95; Wood, 82.

Chapter 16 of the City Ordinances of the City of Rhinelander is hereby amended to read:

Chapter 16 RELATING TO DOGS

Section 1. Every person in the City of Rhinelander and owning or having in his or her possession any dog, or any specimen of the canine species, shall hereafter pay into the City treasury annually, the sum of Two Dollars and fifty cents (\$2.50) for each and every dog and Five Dollars (\$5.00) for each and every slut. Upon presentation of the treasurer's receipt acknowledging the payment of the above sum for the purpose mentioned, the City Clerk shall issue to such person a license to keep such dog or slut, which license shall not be issued for less period than one year, to commence on the 15th day of July in each year and which person shall, upon procuring the license aforesaid, put upon the neck of each dog or slut a collar with a tag, such tag to be furnished him or her by the City Clerk. Present licenses to be good until July 1, 1918.

Section 2.—Every person who shall own or have in his or her possession in this City any unlicensed dog or slut or shall neglect to place upon the neck of his or her dog or slut a collar and tag as required by Section 1, of this ordinance, shall be liable to a penalty of not less than One Dollar (\$1.00) nor more than Five Dollars (\$5.00) for each and every offense.

Section 3. No dog shall be or run at large within the limits of the City of Rhinelander.

The Mayor shall appoint and the common council shall confirm the appointment of some person to be known as a dog officer. He shall hold his office during the pleasure of the Mayor, by whom he may be summarily discharged with or without cause. He shall receive a compensation of twenty dollars (\$20.00) per month and in addition thereto fifty cents (50c) for each dog taken and impounded by him as hereinafter provided, the said amount to be paid out of the city treasury as the salaries and compensations of other city officers are paid.

Section 5. It shall be the duty of the dog officer to catch, take and impound every dog found or known to be running at large within the city. He is hereby given the same powers as a special policeman and for the purpose of catching, taking and impounding any dog he shall have the

right to pursue him upon the premises of the owner or elsewhere. Each and every dog caught and taken by him shall be forthwith conveyed to the dog pound and there safely kept for a period of 48 hours from the time of his capture, unless sooner released as hereinbefore provided. All dogs remaining in the pound for a period of 48 hours after the time of their capture shall be forthwith killed and disposed of by the dog officer. Any police officer or other person shall have the right to capture and deliver to the dog officer any dog found running at large or trespassing upon any grounds, public or private, within the city. The dog officer shall take such dogs so delivered to him and shall receive the same fee for impounding and disposing of them as for dogs caught and impounded by him. Any person whose dog has been impounded may release him by exhibiting and surrendering to the dog officer a receipt of the City Treasurer showing that the sum of Two Dollars (2.00) has been paid into the city treasury on account of the dog fund and in addition thereto, exhibiting to said officer a tag or receipt issued by the City Clerk showing that the license fee provided in Section 1 of this Ordinance has been paid, and demanding the return of his dog and proving to the dog officer his ownership of the dog claimed. Every person taking a dog from the pound shall sign a receipt therefore a book to be kept for that purpose, which receipt shall describe the dog by some marks of identification.

Section 6. It shall be the duty of the board of public works to provide a suitable and convenient pound and to provide such means and make such regulations as may be necessary to carry this ordinance into full effect.

Section 7. All ordinances, resolutions, or any part thereof conflicting with the provisions of this ordinance are hereby repealed.

Section 8. This ordinance shall take effect and be in force from and after its passage and publication.

Introduced by Alderman NAZAR PECOR Jr.

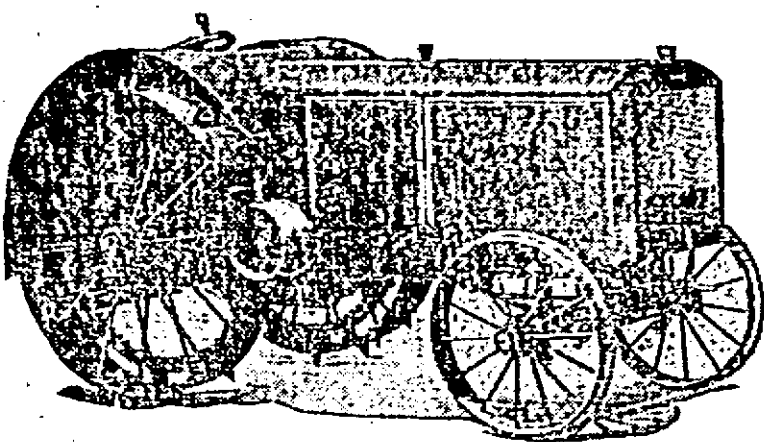

Approved May 7th, 1918.

(Signed.) S. D. SUTLIFF, Mayor.

O'PELKA IN BAD

William O'Pelka, well known town of Woodboro farmer, is alleged to have made pro-German remarks, which lead to his arrest Saturday. Paul Davis of Woodboro made the complaint.

O'Pelka was released, pending further proceedings, under bonds of \$500.

Solve Your Labor Problem with the

TURNER Simplicity TRACTOR

FARM labor has never been as high-priced and hard to get as it is this year. But don't let that keep you from raising bumper crops. Put a Turner Simplicity Tractor at work—that's the answer to your labor problem. Use it for plowing, harvesting, hauling and the many power jobs on the farm.

It's an all-around power plant. Adapted to farms of average size. Kerosene or gasoline. Powerful, yet light, therefore economical. Simple control, practically all working parts run in a bath of oil and are enclosed in dust-proof cases. Standard design—proved efficiency. Has the same dependable qualities that have made the Simplicity Farm Engine famous.

Let us tell you more about this excellent Tractor.

Call and see it on our floor.

CREDIT DUE ONEIDA FARMERS

(Contributed)

Oneida county has good reason to be proud of her rural population when it comes to doing things for war work. We doubt whether the farmers in any county of the state have as good a record. There is not a town in the county but what has more than subscribed for its quota of Third Liberty Loan bonds, and some towns have oversubscribed more than 300%. The farm women are doing splendidly in the Red Cross work, too, and more can be expected of them as they get better organized. The farm boys have shown their willingness to enlist and some, whose services are needed on the farm, are not even asking an extension of time in the draft. Those who have been granted extensions, are looking forward to the time when they can go.

The fathers on the farms are deserving of especial praise. There is not one amongst them who does not intend to put in the hardest year of his farming career. Machinery and all farm equipment is high, and labor has never been so high and scarce. Many have sacrificed a boy or two, some even three boys for the army, yet they don't complain. They are simply more determined than ever, because now they must stand back of these boys. And then see what they have done toward crop production. Before we entered the war, hardly fifty acres of wheat were grown in this county in any one year. This year, the farmers have seen the need of a large wheat acreage and over five hundred acres have been sown to this crop. Heretofore, farmers have never grown enough wheat for their own use. With a fair crop this year, we will have enough wheat to supply our whole county and then some to spare. None other than a patriotic spirit prompted them to plant so much wheat, for more money can be made in other crops.

And so let's give the farmer the credit due him. He is working long hours and hard. He is sacrificing as much as any and more than most of us. He is behind every drive, and, in fact, every move that has for its object the furtherance of our interests. Without his help, our cause would be absolutely helpless. And so give him a good word when you can, and realize all the while that he is doing his best to uphold the kind of government that gives him his most independent existence.

JOINS AVIATORS

Last Sunday afternoon a very large crowd of our citizens, school children, and many from the country, gathered at the depot to see Wallace Young and bid him good bye before he took the train for San Antonio, Texas, where he had been called a day or two before to report there immediately for duty in the aviation corps, which branch of the army he had passed a splendid examination for at Denver, Col. some weeks ago. Wallace is a bright young man, well educated and has all kinds of good common sense, and will no doubt make a record for himself in Uncle Sam's army. When he boarded the train he seemed to be happy for he was laughing and joking and seemed to be glad that he was going. He

had been teaching in our public schools for a couple of months when he was called taking the place of Miss Luck who had resigned. Good luck to him and hopes that he will return in the best of health and wearing a medal for his work while serving with Uncle Sam—Butte County Press, Nisland, S. D.

Wallace Young is the son of Mr. and Mrs. J. L. Young, former residents of Rhinelander who for a number of years past have been making their home in South Dakota.

Profitless Activity.

"De saddest thing I knows of," said Uncle Eben, "is a man dat's so busy mindin' a urticaria an' a setter pup dat he ain't got time to go out and put two or three dollars a day in his own pocket."

To The Public

I herewith wish to notify the public that I will discontinue my delivery service and conduct my business on the Cash and Carry basis.

My son has enlisted in the service of the Government, and owing to the scarcity of labor I am compelled to take this step. It is very difficult to get labor at the present time, and rather than take men out of employment that is a benefit to our Government I am making this change.

After May 11th I shall discontinue all delivery services.

I herewith wish to express my thanks to the public for their patronage in the past, and trust they will appreciate my position and remember me in the future.

Sincerely yours,

Chas. Pautz

Freezing to Death.

Many a traveler has frozen to death while asleep. As recent scientific experiments have shown, the body's capacity to regulate temperature is diminished through sleep. This appears to apply both to heat and cold. A healthy man's nervous and muscular activity is reduced to the natural minimum when he falls asleep, and it is then that his temperature falls to its lowest point.

HIS JOB TO BANDAGE WOUNDED HOUSES

American Bass Carpenter Putting French Villages Back on the Map.

It was a monotonous stretch of ugly trench, wire entanglements, gaping shell holes, accented by the blackened skeleton of shell killed forests silhouetted against a dull, hopeless sky.

This had once been beautiful rolling land like our own Ohio and Indiana—rich in grain fields, orchards and gardens. Now it was desolation—nothing could live there—seemingly nothing did.

We had come on some rising ground, and as we climbed we reached the brow of the slope, and of a sudden it seemed that some giant had suddenly twisted the old world under our feet and we were back home, for of a sudden the sounds of life came up to us out of a bustling center of industry. That satisfying clag of an honest hammer head striking willing nail into sound wood, and before us was a panorama of new building, with piles of clean lumber stacked here and there, and the framing of many new buildings told where the wood was going. Then we heard the voice of a man who talked real "United States"—telling 27 other carpenters what to do—out in this foreign land thousands of miles from home.

We inquired of the boss as to who he was, and with true sense of humor he said: "I am a Red Cross nurse. My job is bandaging wounded houses."

Putting Villages Back on Map.

"This was once a French village," he went on to say, "in the center of the sugar beet country. We are living now on the site of the sugar mill," he said, pointing to a long, low barracks, which plainly had been recently built. "We are working for the American Red Cross—putting villages back on the map. In four more weeks we'll be out of here and on our way to the next ruin, for there are many villages that need us. We go from place to place, always finding that our lumber has reached there first, so we can get right to work, clean up and move on again." It is just like pioneering, this rebuilding work of our Red Cross—only more important—more important because it is vital to the winning of the war that these people come back to their soil and plant new crops—for future years of war or peace.

And so the tide of war sweeps back from whence it came, a Red Cross army follows close behind in uniforms of overalls, armed with Yankee hammers and nails to coax back the foundlings that have been brushed into squalid helplessness in the south and east.

They are coming back home now, just a few days behind these carpenters—back to the beet fields, the gardens and the farms. Soon they will be feeding themselves and thousands of others.

WHITE PLAGUE KILLS MORE MEN THAN BULLETS

It seems longer, but it was less than four years ago that the nations had not yet started in to wipe each other off the map and that the only times when one heard of the Red Cross were times of flood or disaster and at Christmas time, when the peaceful little Red Cross tuberculosis seals made their annual appearance.

Pertaps, in fact, it was the long, ardent fight in America against the White Plague which, in spite of the war's enormous new demands, is responsible for the especial interest being taken by the American Red Cross in France's frightful struggle against consumption. This scourge seems to mark the trench fighter for its own. It kills more men than do bullets and poison gas combined. Until the American Red Cross was permitted by the French government to start its drive against tuberculosis it looked as if, even with a victory over the Hun, France might eventually be conquered by this deadliest foe.

Already things are looking brighter. The Red Cross has taken over old hospitals and built new ones. More than 800 tuberculosis dispensaries are to be opened throughout the country, and Red Cross doctors and nurses—scores of them—are devoting themselves exclusively to this fight, doing over there exactly the same kind of work which is financed in America by the little Christmas seals. It is one of the ways in which by our contributions to the Red Cross America can repay her debt to France.

THE SPEECH OF TEARS

Many are the ways of speaking
But of weeping, only one;
And that one way the wide world
O'er
Is known by all, though taught
By none.

No one is master of this ancient
lore
And none is pupil.

Any simpleton can weep, as well
as any sage—
The man no better than the babe.

The first thing all men learn is how
to speak
Yet understand they not each other's
speech

But tears are neither Latin nor yet
Greek,
Nor prose, nor verse;

The language that they teach is
universal.

Tears are the oldest and the most
common
Of all things on earth;

How unblest were life's hard way
without their heavenly dew.

Joy borrows them from grief,
Faith trembles lest she lose them,
Hope smiles through the rainbow
They form round her as they
fall;

And death, that cannot weep, sets
weeping all.

Wheat

Wheat is very scarce still, but in order that we may send more flour to our Allies most of the mealless days have been cut out, so we can eat meat instead of wheat. Some varieties of wheat do not do well in this climate, but a number of Oneida county farmers have successfully raised wheat year after year.

We plan to have our flour mill in operation before fall, so there will be a sure market here

This appeal is not merely to our stockholders, but to every patriotic land owner in Oneida county. We have arranged with MR. JUDAY to handle all orders for seed at the lowest price obtainable, and we hope to secure orders for a carload. Please place your orders at once.

CANTEENS SELL ARTICLES CHEAP

Postmaster Matt Stapleton has posted in the lobby of the post office a sign calling attention to the fact that many articles sent to soldiers with the American expeditionary army in France cost more to mail to France than they can be purchased for at the Y. M. C. A. canteen in France. A list of approximate prices of various articles is given and practically all the prices given are less than the same articles can be bought for here. As a result of the inconvenience occasioned by the sending of large numbers of parcels to the men serving in the expeditionary army and the fact that money is wasted in purchasing the articles at retail here and mailing them at parcel post rates to France, hereafter only articles for which the addressee has made a special request, and the sending of which has the approval of his commanding officer, will be accepted for mailing. All articles of this kind must be specially marked at the post office at which they are mailed. "This parcel contains only articles sent at approved request of addressee, which is inclosed."

THE LAST CHIP

(By H. Peigh, Three Lakes, Wis.) Remember, old timer, years ago When this old town was not so slow?

Poker playin' all night long: A thousand dollars just a song—Fortunes lost on the turn of a card They were only pikers, pard Imitating men.

Pardner, do you know how high The stake they're playin' cross the pond?

Do you know that you and I Barely put our ante up When we bought our Liberty Bond?

When a real game is on the table, And you're willing—yes and able To push your last lone chip of blue Into the pile—and say with a smile America, there's my life.

You're a he man thru and thru. Do you think those tin horns would stand pat,

With the stakes as high as that And still play square?

Don't a lump raise in your throat To know there's men like that a livin'?

Don't it kinda get your goat To think of all they're givin'?

Them a fightin' cross the seas, While we're a takin' life at ease.

Now, you ornery, gray haired cuss, When our country needs it so, Don't you think its up to us

To find more dough? Gather toad skins while we can, Pass 'em on to Uncle Sam So that when the big job's done Uncle Sam can say, Old Son, you'll do.

But listen, pard, not all you're worth, Nor all the riches—on this earth Could ever see the raise Of that last blue chip The soldier plays.

REDRESS DEMANDED

The faculty of the University of
Wisconsin unanimously adopted
the following resolution at a meeting
last week:

"The faculty of the University of
Wisconsin resents deeply the ac-
cusations made by Prof. Robert Mc-
Elroy against the university.
He charges that its students are
disloyal, because, cold and rain-
soaked, in an unheated auditorium,
some of them showed discourtesy to
him as a speaker. The faculty be-
lieves that a public speaker who
has a judgment so sweeping upon
the experience of such a meeting,
who attributes to disloyalty the rest-
lessness and inattention of an au-
dience held for two hours and a
half under such physical conditions
that a large proportion of the stu-
dents had to put under medical care,
such conditions that two citizens who
took part have since died of ex-
posure, sufficiently brands his judg-
ment.

"The University of Wisconsin,
since the beginning of the war, has
expended its utmost resources to
bring home to its students, and to
the state, the significance of the
present great struggle for democ-
racy. Through press and platform
it has been, and is now, conducting
a systematic campaign of education
on the issues and measures of the
war, a campaign that has helped
in the establishment throughout the
state of a fighting patriotism as vig-
orous as any section or element in
the country can show. In all this
patriotic work it has had the eager
support and constructive aid of the
very students that Professor McEl-
roy slanders. No greater obstacle
could be opposed to the success of
this campaign, and of the work of
the National Security league, than
such hostility and suspicion as are
excited by Professor McElroy's has-
ty and ill-considered judgments.

"The faculty is custodian of the
honor of an institution whose sons
fought in the armies of England
and France before America became
a party to the war, have been in the
forefront of the American line since
it has existed, and many of whom
have already made the final sacrifice
for their cause. It cannot allow that
honor to be impugned by the agent
of a responsible organization, such
as the National Security league, with-
out demanding redress, full, expli-
cit, and emphatic. The faculty calls,
with confidence, upon the National
Security league to exert its best
efforts to undo the damage done by
the accusations which its agent has
spread broadcast over the country."
—University Bulletin.

SCORES McELROY

In a speech in Wausau recently
Justice M. B. Rosenberry, of the
state supreme court, had the fol-
lowing to say regarding charges
of Prof. Robert M. McElroy that
Wisconsin University students are
disloyal:

"McElroy is a small man who has
got into the spot light for a moment
and wants all the notoriety he can
get," said Justice Rosenberry. "He
belongs to an eastern university
faculty, but he is such a gabber that
they don't let him talk at home,
but send him out to inflict himself
on us. He came to Wisconsin on
the program with Miss Burke, who
is a very fine woman and a fine
speaker, and to get Miss Burke
had to take McElroy.

"On the day in question there was
a parade. It was two miles long.
It was raining but it was cold

enough for snow. When the students
reached the hall they were drench-
ed. Their feet were wet to the
ankles. They were taken into a
big barn of a hall without a bit of
heat. They listened to Miss Burke's
speech, which was a good one,
and applauded it liberally. Then
McElroy arose and read from man-
uscript a long, dreary account of
the cause of the war. There wasn't
a sophomore present who couldn't
have made a better speech. The
students were suffering. At the end
of an hour and a half of monoton-
ous reading of facts everybody
knew, the students' military corps
members became restless and be-
gan to rattle their rifles. They had
no disrespect for the speaker's sen-
timents, but they were giving him
a hint to stop. As the result of that
meeting two students have died of
pneumonia and a lot of others have
been sick. Then that man goes
about the country to attack Wis-
consin because, ye Gods, a party of
wet, tired and shivering students
did not have the physical endur-
ance to listen indefinitely to a tire-
some, read speech. McElroy's charges
are a damnable outrage."

"ROBBING" FERTILITY TO PAY PAUL

The Way Some People Figure
The Fertility Problem

A certain North Dakota farmer has
besides other crops, 200 acres in wheat.
After planting it sufficiently and learning that
it would run about 20 bushels to the acre,
a city visitor innocently asked, "How
much profit will there be in the crop?"
"It will sell for close to six thousand
dollars," replied the farmer. "The
cost for plowing, seeding, harvesting,
threshing and hauling to the elevator
will be something between four and
five dollars an acre, say five dollars.
There will be nearly five thousand
dollars profit in it for me. That is
what I call real independence."

That man is losing out because he is
not figuring fertility in the cost of
production. Fertility is the farmer's
capital, and he cannot draw on it in-
definitely without replacing it.

Cost of Fertility First Consideration

That twenty-bushel crop on the
Dakota farmer's 200 acres yielded a
total of 4,000 bushels. Experiments
show us that the fertility extracted
by that 4,000-bushel crop was as fol-
lows: Nitrogen 5,680 pounds; phos-
phorus 950 pounds; and potassium
1,040 pounds. At present prices, that
nitrogen would be valued at \$350, phos-
phorus \$23, and potassium \$62, giving
a total of \$435 worth of plant food
used by that one crop—not taken into
consideration by the farmer.

This kind of figuring perhaps goes
on right in our own community. The
loss of fertility is so gradual and its
reduction so subtle as not to be noticed
for years. But once in a while now
we notice that the crops do not mature
as rapidly as formerly. They linger—
the soil's vigor of years ago is not
there. Silos are called upon to save
immature corn, and so is the method
of "hogging down."

We are urged to speed up production.
With more efficient tools, better seeds,
and a greater demand for food, still
more of the farmer's capital will be
taken out without being replaced.
How is it to be maintained?

The use of legumes, good rotations,
commercial fertilizers, etc., can,
of course, be employed, but what about
the barnyard manure?

Every Bit of Manure Should Be on the Fields

Do we realize that it has a crop in-
creasing value of \$5.50 a ton now?
Most farmers do recognize its increased
value due to increased price of crops,
but there are still many farms where
we can see the cattle standing knee
deep in fertility that should be incor-
porated in the soil. The rains are
carrying away rich brown streams of
nitrogen, potash, and phosphorus that
the crops are hungry for and that other
farmers are paying good prices for in
the form of commercial fertilizers.
Nitrogen gas is steaming up and float-
ing away with dollars and dollars worth
of leaf and stalk building material.

Spreader Most Important Tool on Farm

There is one thing that will correct
this waste better than most anything
else. It is the use of a spreader. The
investment is a good one, for the
spreader should pay for itself on fifteen
acres or less the first season by the
crop increases it produces even over
the best of hand spreading. But while
the investment is a remarkably fine
one, the fact that the farmer has
money tied up in the machine will
make him use it oftener, and frequent
spreading is just what is needed.
Spread on the soil, the manure either
dries out and stops fermenting, or los-
ing ammonia, or else the plant food is
washed into the soil by the rains. The
spreader saves so much time and labor
that the work can be done often. The
job becomes a light chore instead of a
heavy, disagreeable task. And my,
what fine even work some of those
new wide-spread spreaders do!

Figure on Fertility

Let us not let rising prices fool us.
The fertility bill has to be paid some
time.

ONE AND ONE

By H. W. THOMAS.

As the Empire State express rum-
bled out of the Utica station a trav-
eling man for the Buffalo Flat Ware
company lay back in his seat and won-
dered if that train had ever carried
anyone so happy as himself. For the
twentieth time he took out the dainty
missive of Dora Hildebrand, unfolded
the heliotrope sheet, and read the de-
licious words: "Of course I love you,
you great goose. Why didn't you ask
me before I left Buffalo? I shall count
the minutes until the twenty-first."

But the Flat Ware Man counted the
seconds as the glung-lung-a-lung of
car wheels told them off and brought
him nearer to Dora. Only a month
since she had gone home, but a busy
month for him, spent largely in schem-
ing to get the house to send him to
New York.

The train began to slow down. A
guard called, "Albany! Albany!" Two
young men, one in a brown derby and
the other wearing a very light fedora,
entered and took places in the seat
ahead of Wentworth.

"Now, I'll show you that picture,
Charley," said the Fedora, as the train
rolled on again. He took out a pho-
tograph and handed it to the other,
who held it before him in such a pos-
ition that the Flat Ware Man could not
miss seeing it.

"By Jove! A stunner!" exclaimed
the Brown Derby. "What eyes! Say,
old man, you're in luck."

If the Flat Ware Man could not help
seeing the picture at first, he could not
help bending forward now close to the
other's back and glaring at it between
their shoulders. Well, there was no
getting away from the horrid fact. The
face was that of Dora Hildebrand.

"Yes, she's a mighty pretty girl,
Charley, and as clever and good as she
is pretty. And what's better than all,
she loves me. Think of it. Loves me,
a Hollow Ware drummer. Old man,
I'll bet I'm the happiest salesman, or
any other man, on this or any other
train."

The Flat Ware Man dived into his
pocket, brought out Dora's letter and
read it for the twenty-first time.

"I wonder if it is the family of Hil-
debrands that my people know in New
York?" said the Brown Derby. The
Flat Ware Man stopped arguing with
himself, and was all attention for the
new evidence. "I never knew the fam-
ily myself, but I've heard my mother
and sisters speak of them. I think the
girls were quite chummy there once.
Seems to me they lived somewhere in
Central Park West."

"That settles it," The words burst
abroad from the Flat Ware Man, and
when the others looked around they
saw him regarding the bell rope and
humming in bad imitation of a pre-
occupied man. The Brown Derby
winked at the Hollow Ware Man, and
the latter remarked:

"By the way, old chap, be ready any
time to help me out as best man. The
wedding may be very sudden. I have
the governor's consent. Don't fail me
now."

When New York was reached, he fol-
lowed the Hollow Ware Man and the
Brown Derby out of the car and along
the platform of the Grand Central de-
pot into the shouting crowd of cab-
men outside. Bidding his friend good-
by, the Hollow Ware Man said, "Yes"
to one of the cabmen, and the Flat
Ware Man was so close that he heard
him give the very number in Central
Park West that was the home of Dora.
In a moment he, too, was in a cab and
splashing uptown after the other, deter-
mined to end the terrible suspense be-
fore going to his hotel. Both cabs
reached the Hildebrand dwelling at
the same time, and the two fares sprang
up the steps together, the Hollow
Ware Man just enough ahead to ring
the bell. They bowed and stood wait-
ing for the door to open.

"Miss Hildebrand," said the Flat
Ware Man, handing a card to the cap
and aproned maid.

"Miss Hildebrand," said the other,
presenting his card, and both were
shown into the drawing room.

In a minute there was a rustling of
skirts, and the Flat Ware Man saw the
face of his dreams between the por-
tieres and heard his owner cry "Jack!"
and throw herself into the arms of the
Hollow Ware Man.

For a moment his power of speech
was gone, and not until the lovers had
disentwined themselves did he manage
to say:

"Well, this is the coldest deal I ever
got. Heavens, Dora! Can't you see
I'm almost mad! What does it mean?"

"You are Mr. Sellers, I believe?"

"You believe?" he thundered, a pic-
ture of stage anger. "Your memory is
short."

Another rustling of skirts, and again
the face of his dreams at the portieres,
again a throwing of girl into arms, but
this time they were the arms of the
Flat Ware Man.

"Well, it's on me, sure enough," he
said, while the other laughed. "I've
told a few stories on the road about
twins, but I never thought I'd have to
tell on myself. But it's all one now,
eh, Dora?"

"Yes," she said, nestling closer. "One
pair."

"No, it's two," said the other girl.

Council Passes Ordinance De-
nying Rights to "Man's
Best Friend."

The regular monthly meeting of
the common council was held last
Tuesday evening. The usual batch
of bills was allowed. The dog or-
dinance which has been previous-
ly passed and published was con-
sidered and finally passed by a vote
of nine to two. Many people were
present and discussed its justice.
This ordinance made a subject for
lively discussion both pro and
con. The ordinance is elsewhere in
full in this issue.

The wages of men working on the
street were recommended at thirty
cents per hour and men and teams
six dollars per day, but this matter
was left with the board of public
works.

A letter was received from the U.
S. Army thanking the mayor for
his splendid cooperation, given
Sargt. Lett, while here getting en-
listments. A petition was read,
asking the city to lower the license
on bill boards which is now one
hundred dollars.

The town of Pelican petitioned the
city council to assist in building a
bridge across the Pelican river. Her-
man Kriesel petitioned the city to
allow him to build a barber shop
back of hose house number two.

The committee in charge of the
matter of investigating regarding a
water works superintendent reported

was accepted and Mr. Smith was
hired.

The treasurer's annual report was
read and approved. Chief Cole was
instructed to attend the firemen's
convention at Chicago at the ex-
pense of the city.

The mayor was added to the com-
mittee on entertainment for the con-
vention of municipalities and the
committee was authorized to spend
the necessary fund in connection
with this meeting.

The board of public works was
authorized to install some new or-

During FRIDAY and SATURDAY, MAY 10 & 11th

AT KOLDEN'S

THE CITY IN BRIEF

Mr. and Mrs. John Reynolds of Merrill are happy over the arrival of a little daughter who came to their home Monday, May 6. She is their second child. Mrs. Reynolds is the daughter of Mr. and Mrs. H. J. Danfield of this city.

FOR SALE—Acre lots. The Pines. E. S. Shepard.

Mr. and Mrs. James Donnelly of Three Lakes were in the city Tuesday.

Gilligan's hall was the scene of a pleasant dancing party Wednesday night. Hazel Crawford and her orchestra furnished the music.

Hans and Fritz will give one of their popular dances at Gilligan's hall Saturday night. Music by the Crawford orchestra.

Hazel Crawford's orchestra will furnish music for a dance in Three Lakes Friday night.

Miss Esther Bosquette, who has just finished a successful term of school in the town of Pelican, is now behind the desk at the Rhinelander Cafe.

Miss Kate McRae left Monday night on a vacation trip to Milwaukee and Chicago.

Mrs. J. J. Nick, who made a several weeks visit at the Fleigel home in Superior, returned the first of the week.

John Rezin, who makes his home with his daughter, Mrs. P. L. Whittier, departed Tuesday morning for Everett, Wash., where he will make an extended visit with his daughter Mrs. W. W. Walsh. He was accompanied as far as St. Paul by his son-in-law, P. L. Whittier, while in that city Mr. Whittier will purchase goods for his new bargain basement.

Thomas Lawrence, proprietor of the billiard hall and bowling alleys at 116 S. Stevens street, doesn't seem to care if the price of cigars has advanced for he is handing out the best brands to his friends this week. The reason for this outburst of generosity is made plain when it is known that a little son came to Tom's home Monday. Tom is now a daddy for the second time. No wonder he feels liberal.

Frank Harvey of Hawkins has entered the employ of Markham and Parker. He has had several years experience in the grocery business and comes highly recommended as a salesman.

The Woman's Club of Eagle River are giving an old-fashioned dance Friday, May 10. The proceeds go toward a furlough house for our boys in France. Music for the occasion will be furnished by L. Brusso assisted by Frances Osborne, Clarence Bronson and Ed. LeClaire of the Oneida Orchestra.

The Oneida Orchestra furnished music for a dancing party at Starks Saturday, May 4. Nine cars from this city attended and a record in attendance was made. About 50 couples were present.

Mrs. Louis Peley and children, who spent the winter in Biloxi, Miss., returned home Wednesday.

H. L. Risley, Soo line round house foreman here, is in Minneapolis receiving treatment from a specialist. H. E. Schellenger is in charge of the round house during Mr. Risley's absence and Henry Schuelka is night foreman.

W. D. Harrigan of Fulton, Ala., was in the city this week. He has just been discharged from a Chicago hospital where he was ill for several weeks.

CONSULT **DR. JURDEN**

A dance and concert for the benefit of the Red Cross will be held Friday night in the Tomahawk Lake school building. The Trumble Twins of this city will take part in the program.

Miss Hazel Crawford has taken a position in the office of P. J. Cain, county treasurer.

Mrs. M. W. Anderson, a niece of Mr. and Mrs. Charles Belliel of this city, passed away April 28 in Seattle, Wash. A husband and little daughter survive her. Mrs. Anderson will be remembered as Miss Blanche Constant, formerly of this city, and who moved to the west with her parents several years ago. She was a graduate of the Rhinelander high school. A host of friends here mourn her death.

Mr. and Mrs. Oscar Moen are the proud parents of a little daughter who arrived at their home today.

Mrs. Simon Adams of Tomahawk was the guest of Mr. and Mrs. William Gilson this week.

M. W. Sorenson, "your jeweler," has just received a select stock of rings, watches, pins and other small articles of jewelry suitable for graduation gifts. The boy or girl who is about to complete high school or college can be fittingly remembered from something out of this stock. Sorenson's jewelry is of high class but inexpensive and for variety equals that of any of the big city stores.

Miss Elizabeth Christianson arrived from Antigo Saturday and is the guest of friends here.

Mrs. J. Blake has gone to St. Cloud, Minn., to visit her sister, Mrs. Ben Burroughs.

The "Lively Four" have issued invitations for a dancing party at Guild Hall Saturday May 11. Music by the Oneida Orchestra.

Crisp, buttered corn and red hot nut roaster of the latest type is now in operation at Howard Reed's store, 15 W. Davenport St.

An electric corn popper and peanuts can now be had at any time at this store. The new machine will no doubt prove a money maker.

Miss Mildred Swedberg left Wednesday for St. Paul where she will spend the summer.

Mrs. William Zumach has returned a visit with Appleton relatives.

Aug Fliss, proprietor of the Farmers' Market on Rives street, announces that his business from now on will be conducted on a cash and delivery basis. It will be his aim to give all patrons the same good meats and service as in the past and the new system will also permit him to sell just a little bit cheaper. For satisfaction in meats don't forget the Farmers' Market.

CALL SPECIALLY TRAINED MEN

Since the draft call for 10,007 men has been received to send selects to Camp Grant, May 25, two special draft calls have intervened. The first call will send men to camp from Wisconsin on May 17, and the next call will send five additional men into the service on May 20. Both of these intervening calls are for specially trained men.

Gov. Philipp announced Wednesday that the following specially be inducted into the service on May 17:

One bargeman or boatman; three boiler makers and helpers; nineteen brakemen, flagmen or conductors (railroad); six buglers; fifty-five carpenters and helpers (ship bridge, house, general, joiners, or patternmakers; fourteen cooks; one crusher operator; forty engineers and firemen (locomotive); six foremen, construction (bridge) building, earthwork, ship or railroad; two gas plant workers, acetylene, hydrogen, oxygen, poison, illumination or compressor; sixteen molders; repairmen, car, 1; two steersmen; and one telephone operator who can speak German.

A call received late Tuesday afternoon for fire men asks for three airbrake inspectors, one locomotive hostler and one railroad repairman. These five men will be inducted into the service on May 20.

Mrs. L. Walker left Sunday for Hawkins to visit relatives.

Miss Florence Case left last week for Battle Creek, Mich., where she will make an extended visit.

The Modern Woodmen of America leads all other fraternal beneficiary societies in backing the government. The society has purchased \$1,000,000 worth of Liberty Bonds, and the employees in the head office at Rock Island have subscribed for more than \$22,000 worth of second and third Liberty Bonds, besides buying war savings stamps and contributing to Red Cross and kindred war work, an amount totaling more than \$7,000,000 additional. They all stand ready to go over the top again when the fourth Liberty Loan is called.

Mrs. Donald McIntyre and baby left Wednesday for Edgar to visit her parents.

Oscar Swanson and son, Kenneth, spent Sunday at Hermannville.

Mrs. Nyberg is ill at her home on Mason street.

Within the last week many farmers have witnessed the demonstrations of the Turner, Simplicity Tractor at the Universal Garage and all have pronounced it a splendid machine. The Simplicity Tractor bids fair to find ready sale in Oneida county.

BREADLESS DAYS IN RHINELANDER

The baking force at Kirk's bakery is again on duty and bread which for several days was a scarce article in this city, is being produced in sufficient quantities to supply the demand.

Saturday and Sunday came close to being breadless days in Rhinelander. With the bakery idle the shipments of outside bread received here were scarcely enough to furnish one quarter of the trade. At ten o'clock Saturday morning it was impossible to buy a loaf of bread in any of the grocery stores. It was not until Monday morning that the situation was relieved by the arrival of new bread shipments.

ARREST ALIEN

Carl Gunda of the town of Hazelhurst, who is charged with failure to register as a German alien, is in the county jail, awaiting disposition of his case by government officials.

Gunda is also alleged to have made remarks which would indicate that he is not a good American. He was arrested Monday by Under-Sheriff Charles Crofoot.

I wish to thank the people of the City of Rhinelander for your kind patronage in the past and trust that you will continue to give me a share of your business even if I am not in the Store myself. When He Gets that Pouch of Real GRAVELY Chewing Plug You Sent Him

A man's first impulse is to share a good thing. Real Gravelly Plug has been spread all over America simply by the Gravelly user offering a small chew to his friends. Tobacco like that is worth sending. It means something when it gets there.

Give any man a chew of Real Gravelly Plug, and he will tell you that's the kind to send. Send this best!

Ordinary plug is false economy. It costs less per week to chew Real Gravelly, because a small chew of it lasts a long while.

If you smoke a pipe, slice Gravelly with your knife and add a little to your smoking tobacco. It will give flavor—improve your smoke.

ENLISTMENTS IN NAVY CREDITED

Gov. Philipp has instructed local draft boards to have no hesitancy in furnishing releases for selective draft men who wish to enter the navy. Many boards have refused to release men for the navy fearing they would not get credit for them on the next call, but this is not so, the governor says. The instructions likewise apply to draft men who apply for releases to enter the marine corps and the medical reserve corps.

Definite quotas for the second draft have not been assigned to local boards because of legislation pending in congress. As soon as this legislation is finally passed and becomes law the gross and net quotas will be assigned to local boards.

During the pendency of this legislation, the president has called for groups of men as listed under the various calls which have been sent out.

Local boards will receive credits for all men entering the armies of the United States since June 30, 1917. This will of course include credit for the men who have recently been inducted into service under the various recent calls and all who have been inducted in any way under the draft, whether voluntary, special or individual.

PROPER FOOD FOR WEAK STOMACH

The proper food for one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.

FIX BASIS ON CLASS ONE MEN

Next Draft According To Men In County In First Class

Congress has just changed the army selective service regulations so that men needed in agriculture or industry won't be selected from one district while workers in nonessentials are service free in another.

The bill changes apportionment of selective service quotas drastically, as follows: Quotas will be figured on a basis of the number of eligible men in Class 1, not on a percentage of the total registration. If Rhinelander has fewer physically competent men in Class 1 than has another city of the same size, fewer men will be called from Rhinelander than from that other city. Or it will work the other way around. Uncle Sam will base his call on the number of physically fit men in Class 1, rather than on the total number of males within service age.

Another important bill affecting the selective service is about to be enacted. This is the bill to make men who have become 21 since last June liable to service. This bill, the war department figures, would let into the service more than 700,000 new Class 1 men. It would set far in the future the day when men with dependents will have to be called to the colors.

The "Classification Bill" was introduced in the senate Jan. 15, and passed March 1. A duplicate of the senate bill as passed was substituted for a house bill on the same subject that had been previously introduced, but it was April 13 before the senate bill was passed by the house. The total time taken to make the bill a law was, therefore, nearly three months.

Recent calls have been sent out under the old law, because we had to have new men to keep our cantonments and training facilities at work. The war could not wait on congress.

There was strong opposition to the classification bill, largely dictated by politics. Congressmen and senators from districts where there is a preponderance of Class 1 men were afraid to touch a thing that affected their constituents so vitally.

Support of the new law has come in great measure from country districts where there are fewer unmarried men of service age, in proportion to population, than in big cities.

Congressional action on the bill to make men who have reached 21 since registration day subject to service, has been even, slower than that on the classification bill.

TWICE PROVEN

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's Rhinelander evidence—doubly proven.

Mrs. D. McIntyre, 833 Mason St., Rhinelander, gave the following statement November 2, 1910: "For years I have known that Doan's Kidney Pills are a reliable remedy, and I always recommend them. My kidneys were weak and inactive and I was bothered with severe backaches and dizzy spells. I was very nervous at times, also. Mornings I would arise feeling more tired than when I went to bed. I tried Doan's Kidney Pills and in a short time they gave me complete relief. The tired feeling disappeared and all signs of kidney trouble went with it."

On January 18, 1918, Mrs. McIntyre said: "Doan's Kidney Pills gave me a complete cure from kidney trouble some years ago. I am glad to say I haven't had any trouble since. I confirm my previous endorsements for Doan's Kidney Pills."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McIntyre had. Foster-McLure Co., Mfrs., Buffalo, N. Y.

FISH HATCHERY IN OPERATION

Superintendent James Nevin of Madison, who was in Eagle River last Saturday, made arrangements for the opening of the state hatchery here this week, and by Saturday it is expected that the plant will be running to the limit.

Game fish eggs for hatching purposes will be brought over to Eagle River from the Minocqua and Tomahawk chain of lakes, it being conceded that the Eagle waters are more prolific for hatching—running the hatch up to about 90 per cent. Other hatcheries hatch out only 70 per cent.

Those who have failed to get in their orders for pike fry, had better make application at once, as the season will be short and lively.—Vilas County News.

H. S. BOYS JOIN WORKING RESERVE

Thirty boys of the high school have joined the Boys' Working Reserve. The names follow this article. These boys have signed the pledge to do agricultural or industrial work in such lines as will aid in carrying on the war. They will be excused from school sometimes during the month to enter upon any such work where they seem to be needed. Those who have done satisfactory work during this year, and who shall do thirty days of agricultural service or sixty days of work in industrial pursuits and who return to school next fall with a certificate showing this, will be given their credits the same as if they had continued in school. Members of the Senior class will be granted diplomas with the rest of the class. We hope to place the majority of these boys into good places where they can perform satisfactory patriotic service. Anyone needing the service of one of these boys may correspond with W. P. Colburn, who is the county director for Oneida county.

VINOL MAKES WEAK WOMEN STRONG

Positive—Convincing Proof
We publish the formula of Vinol to prove convincingly that it has the power to create strength.

It Cod Liver and Beef Peptones, Iron and Manganese Peptones, Iron and Ammonium Citrate, Lime and Soda Glycophosphates, Cascarilla.

Any woman who buys a bottle of Vinol for a weak, run-down, nervous condition and finds after giving it a fair trial it did not help her, will have her money returned.

You see, there is no guess work about Vinol. Its formula proves there is nothing like it for all weak, run-down, overworked, nervous men and women and for feeble old people and delicate children. Try it once and be convinced.

EAGLE RIVER

(Eagle River Review)

Walter Gander Jr., for several years connected with the News office, resigned his position last week. He began working in the Review office Monday morning and will have exclusive charge of all work in his line. Knowing his ability as a master craftsman in artistic job work we feel that we were fortunate in securing his services and can guarantee that any work entrusted to the Review office will be handled to the satisfaction of all patrons.

Seven more of the Vilas county soldier boys left yesterday afternoon for Camp Grant. They are: Ralph Tidd, Phelps. Christian F. Schumaker, Phelps. Theodore A. Adams, Phelps. Victor Sallmen, Phelps, Alternate William F. Mahar, Donaldson William E. Woelfle, Boulder Jct. Frank E. Greek, Eagle River.

Geo. Thompson, for years a resident of Eagle River, was killed, Wednesday afternoon at Boniface, Mich., while scaling logs. The announcement of his death came as a shock to his many friends here at Eagle River. Mr. Thompson had been employed as scaler at Boniface for the last two or three years. He was a man sixty-two and one-half years of age and had resided in this town for thirty-two years.

Three weeks ago the Young Peoples' Society of the Luth. church purchased a National flag 5x8 and a Service flag 2x3 and placed them in the church. The Service flag has five stars, representing five young men who are now serving Uncle Sam. The are: Rhinhold Ewald, Fred Drager, Frank Heehn, Jacob Wirth and Christian Wirth.

Orin Tidd, formerly a resident of Phelps, who enlisted from Neopit early last year was among the killed in a list sent from France last week. A brother, Ralph Tidd, was one of the Vilas county contingent who left yesterday for the training camp at Camp Grant.

At going to press, the condition of Mrs. J. J. Roderick is reported as slightly improved a symptom her friends will be glad to hear.

RURAL CARRIER EXAMINATION

The United States Civil Service Commission has announced an examination for the county of Oneida, Wis., to be held at Rhinelander and Tomahawk on May 11, 1918 to fill the position of rural carrier at Rhinelander and vacancies that may later occur on rural routes from other post offices in the above-mentioned county. The examination will be open only to citizens who are actually domiciled in the territory of a postoffice in the county and who meet the other requirements set forth in Form No 1977. This form and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at the earliest practicable date.

During the continuance of the present war the Commission will in accordance with the request of the Post Office Department, admit women to rural carrier examinations upon the same conditions as men.

By direction of the Commission:
JOHN A. McILHENNY, Pres.

BEST REMEDY FOR WHOOPING COUGH

"Last winter when my little boy had the whooping cough I gave him Chamberlain's Cough Remedy," writes Mrs. J. B. Roberts, East St. Louis, Ill. "It kept his cough loose and relieved him of those dreadful coughing spells. It is the only cough medicine I keep in the house because I have the most confidence in it." This remedy is also good for colds and croup.

GOLD HOARDERS SLACKERS

The New London Press states that banks in different parts of the country report that parties have called with silver and bills, wanting to exchange for gold. The presumption is that the gold is wanted for hoarding, as in many instances noted the parties could have no real demand for the gold. This is a matter that the country will do well to frown upon. Banks should refuse to make the exchange unless the party seeking it can show that the gold is needed for payment of obligations payable in that metal. The present is no time for hoarding gold, and persons guilty of so doing are the worst of slackers.

Evening service at 8:00 when the pastor will speak on "The Tragedy of the Far Country". This being the second of the series of addresses on the Parables of the Master.

Prayer meeting on Thursday evening at 8:00.

You are cordially invited to attend these services. Remember, no civilized man wants to live where there are no churches. He wants it for its influence, if for nothing else. Take the church out of any town or city and the citizens will take themselves out. Take the church out and all evil will prevail, and from an economic standpoint property becomes worthless. The mission of the church is to save the world. Does it merit anything at the hands of its professed followers? If so, let us stand by it and attend its services. It is a duty as well as a pleasure. Individual responsibility will not down. Let us assume it cheerfully and respond valiantly. Be sure to go to church next Sunday.

ALLEN MCGILL JOINS NAVY

Allen McGill, leader of the St. Paul oarsmen, enlisted late today as a seaman, and expects to leave soon for the officers' naval training school, Chicago, where he will pursue a course on intense training for a commission in the navy.

As an oarsman Mr. McGill ranks with the best the Minnesota Boat club has turned out during the past six or eight years. He has been rowing for five years and was chosen captain in 1916.

In the last national regatta held at Duluth, Mr. McGill upheld the honors of the Minnesota Boat club in the singles and also occupied a seat in the eight-oared shell.—St. Paul Daily News.

Mr. McGill formerly attended school in this city.

Will Rezin was here from Crystal Falls, Mich., Monday for a visit with his father, John Rezin, who left Tuesday for the west.

WHAT A COMMA COST U. S.

Such a little, innocent-looking thing as a comma has been the cause many times of trouble and confusion. According to the American Printer, one that got into the wrong place once cost the United States government two million dollars.

The tariff bill in which the mistake occurred provided that "foreign fruit plants," and so forth, should be admitted free of duty. The purpose was to encourage the culture of high-grade varieties of fruit trees and grapevines in this country. When the bill was printed, "foreign fruit plants," and so forth, read "foreign fruit, plants," and so forth, and, as a result, oranges, grapes, lemons, bananas and the like came in free of duty for years.

THE BOY IN KHAKI

By K. C. B.

I saw a mother,
And her brown clad boy,
And heard her sob,
And "Goodby, son."
And saw him,
Kiss her tears away,
And go.

And hours passed,
And in the darkness
Of my room,
I lay,
And all the pictures
That the day had drawn,
Came back,
And she was there,
And he was there.

And then a picture,
From across the seas,
Was painted,
On my shadow wall,
And he was there,
And all about him,
There were shadow men,
But nowhere,
Could I find the face,
Nor find the form,
Of her.

And then,
Another picture came,
A great Red Cross,
And wounded men,
Looked up at it,
And raised their arms,
And smiled,
And he was there,
And as I gazed.

Upon the cross,
I saw her face.

And so it was,
That in the darkness,
Of my room,
It came to me,
That Red Cross work,
Across the seas,
Was mother's work,
In other hands,
And done for her.

And then sleep came,
And came a dream,
And cheering throng,
And boys come home,
And he was there,
And she was there,
And once again,
I heard her sob,
And saw him,
Kiss her tears away.

And in their wake,
On that glad day,
A Red Cross waved,
As it had waved,
And followed him,
Down in the Valley,
And come back again.

I THANK YOU

One Million Sweaters For Army and Navy

The American Red Cross is the greatest volunteer organization that the world has ever seen. It was announced by one of the high officials in Washington that millions of people are and have been for some months working six days a week without a dollar's pay. This includes the members of the local chapters and all other employees in this country and abroad. One significant item in this is the fact that the Red Cross has given the army and navy over 1,000,000 sweaters for the boys in the service, of which over 500,000 were made by the members of the local chapters. You who know the difficulty of making sweaters can estimate the character of the work and the self sacrifice that the women of America are making to further the Red Cross' mission of mercy.

CARDINAL GIBBONS' MESSAGE

There is in these times a terrible ocean of sorrow and suffering engulfing millions of souls, and a society with the membership and resources of the Red Cross, actuated as it is by Christian principles, can best undertake the tremendous burden of extending intelligent and efficient relief. In particular I approve of the Red Cross activities as they are directed towards supporting the courage and caring for the injuries of our young soldiers and sailors. It is my earnest hope that all of our people will cheerfully and generously co-operate with the Red Cross committee in their efforts towards reaping the fullest measure of charity that it may be possible for the society to attain.

JAMES CARDINAL GIBBONS,
Archbishop of Baltimore.

CAN BUY SUGAR FOR PRESERVING

Twenty-Five Pounds At Time
Can Be Purchased For
This Purpose

The food administration of Wisconsin is giving attention to the question of sugar distribution, with a view to preventing either shortage or hoarding of that necessary commodity, and to that end has appointed a sugar-distributing committee for the state, composed of E. O. Hoffmann, F. E. Dewey, Oscar A. Host, W. H. Hoffman, secretary, and Francis J. Ricker, chairman. Two of the committee are brokers, two are wholesalers and the fifth is not directly interested in sugar.

Strict economy in the general use of sugar is urged, by the committee that there may be sufficient for the preserving and canning of fruit.

"Retail dealers are permitted to carry a thirty days' supply.

"Retail dealers may not sell in quantities in excess of five pounds to consumers residing in towns and cities and ten pounds to consumers residing in rural districts.

"In order that consumers may obtain a necessary supply of sugar for home canning and preserving purposes only, retail dealers may sell in quantities not to exceed twenty-five pounds at a time to a consumer on the assurance that the sugar will be used exclusively for canning and preserving purposes.

"The maximum of twenty-five pounds of sugar to consumers for canning and preserving purposes only must not be construed as permitting the sale of more than five and ten pounds for general use.

"It is the desire of the United States Food administration, that the fruits and vegetables, which must be preserved, be properly provided for. To effect this purpose there must be strict economy in the general use of sugar and conservation in every way possible must be practiced at this time so that sugar will not be scarce when the great demand comes during the canning and preserving season. Co-operation on the part of wholesaler, retailer and consumer is absolutely necessary and it is the patriotic duty of each, in the interest of the common good to respond to these requirements."

The food administration's aim in appointing the committee is to secure a fair and general distribution of sugar throughout the state.

Persons in any part of Wisconsin who have reason to believe that distribution in their locality is unfair, or who are experiencing a shortage of sugar, are asked to notify the United States Food Administration, Sugar Distributing Committee for Wisconsin, 283 East Water street, Milwaukee.

BRADLEY FIRE IS LAID TO TRAMP

The town of Bradley, six miles north of Tomahawk, was destroyed by fire Friday and all that remains is one small store and the Soo line depot, both of which were out of the cluster of buildings composing the town. The fire is said to be of incendiary origin. The loss is estimated at \$100,000.

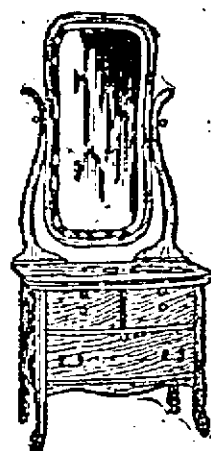

The fire was discovered in a barn in the center of the village. All the houses being of frame construction, the flames spread rapidly and before the volunteer fire department and a bucket brigade formed by citizens could begin operations, the fire was beyond control.

The police are looking for a tramp who had called at several homes in Bradley asking for money and food. Upon failure to get money he was angry. In less than ten minutes, the barn was on fire. Twelve homes, one boarding house, one hotel, two saloons, two warehouses and a quantity of pulpwood along the Soo line tracks were consumed. Rebuilding operations will be started at once.

INSTALL ADDRESSOGRAPH

An electric addressograph, the largest and swiftest machine of its kind in Rhinelander, was placed in the office of the Rhinelander Creamery & Produce company Monday. The machine is manufactured by the Holtzer-Cabot company of Chicago and has a capacity of printing 2000 addresses an hour.

"This is one of the greatest pieces of equipment we have ever had in the office," said Melvin Alme, a member of the firm's office force. "We mail out thousands of cards and letters weekly and the addressograph will relieve us many hours time and work."

'NEW ROAD MAP

The Wisconsin Highway commission has just published a new pocket road map of Wisconsin showing the state trunk highway system and the secondary lines of travel. The road information on this map is from officials and believed to be accurate and reliable. In addition, there is bound in with the map a 16-page booklet, giving many interesting facts as to the history, scenery and achievements of Wisconsin, together with the location of the state properties and other statistical information.

The map and booklet together form an important addition to the publications on Wisconsin and will be of value and interest to every citizen and especially to automobilists.

The map may be had from news dealers and stationers or will be mailed postpaid by the Superintendent of Public Property, Madison, Wisconsin, on receipt of ten cents. Do not send stamps.

MISS BUSHNELL WEDS ARMY MAN

Miss Blanche Bushnell of Rhinelander, Wis., and Lieut. Clarence M. Tomlinson of Superior were united in marriage at 6:30 o'clock Monday evening at the residence of Rev. E. H. Goodell, pastor of the Cumming Avenue M. E. church. Mr. and Mrs. Earl Greenlaw were in attendance.

The bride is a graduate of Superior Normal school and has been teaching at Hibbing, Minn. Mr. Tomlinson is a son of City Commissioner and Mrs. Fred C. Tomlinson, 1808 Baxter avenue, and is a second lieutenant of the Twenty-seventh machine gun battalion. The young couple will be at home at Fort Sam Houston, Texas, after May 16—Superior Telegram.

IMPROVE PHONE SERVICE

A crew of three skilled workmen in charge of Mr. Parvis of Chicago today began the installation of two new sections which will be added to the long distance switchboard of the Wisconsin Telephone Company in this city. The improvement represents an investment of \$6,800

and will make possible betterment of the long distance telephone service. An additional long distance operator will be secured. Last year the company added three more circuits from Antigo north—two to Rhinelander and one to Crandon. These improvements indicate the importance attached to this city as a business center—Monday's Antigo Journal.

MATT KRISTENSEN HAS FIRE LOSS

Fire, Sunday afternoon, destroyed a cottage in the town of Sugar Camp and a Reo touring car, both the property of Matt Kristensen, proprietor of Kristensen's Garage. Mr. and Mrs. Kristensen and Mr. and Mrs. Ed. Lawrence drove to the cottage Sunday afternoon. Leaving the car near the building they went to a nearby lake, remained there only a few minutes and returning discovered cottage and car ablaze.

Mr. Kristensen said the flames soon did their work, causing a loss close to \$3,000. He has no idea how the fire started. The Reo was insured for a small amount.

HOOR A WEEK FOR WAR RELIEF

Oneida Patriotic War Fund
Campaign Begins Next
Sunday

The Oneida County Patriotic War Fund campaign will be inaugurated next Saturday under the direction of the Oneida County Council of Defense.

The new plan of collecting money for a fund to be used for all war purposes is as follows:

The Oneida County Patriotic War Fund is hereby incorporated as a part of, and a department of, the Oneida County Council of Defense.

1. Its aim is:

To eliminate the wasted effort and expense involved in separate money raising campaigns for individual purposes.

To avoid conflicting campaigns between equally worthy objects.

To insure against levies which may be unfair in amount or intended for unjustifiable purposes.

To unite all parts and peoples of Oneida county in a reasonable and hearty support of war relief donations.

To secure an open field for bond issues and War Savings Stamps, as the sole campaigns for general public solicitation.

2. It shall be operated under the auspices of the Oneida County Council of Defense and shall be managed and controlled by the Executive Committee of the Oneida Council of Defense, all members of which committee shall serve without salary.

3. The Executive Committee may employ a secretary and treasurer at such salary as they shall hereafter fix and such secretary and treasurer shall furnish satisfactory bond in such amount as said committee shall fix.

4. A uniform public support of such a fund shall be asked of all people in Oneida county by a voluntary contribution based on "One hour a week for War Relief."

Such support shall be made by asking all wage earners in the county of Oneida to authorize their employer to deduct from their pay the equivalent of one hour's wages each week to be paid by check by said employer regularly and promptly to the treasurer of said fund at his office. Such authorization shall be in the following form:

Patriotic Fund Pledge Card No. 1

I hereby agree to give one hour of my time each week for War Relief, with the understanding that no other patriotic solicitation will be authorized.

I hereby authorize the Paymaster of _____ to deduct one hour weekly from my wages to be turned into the Oneida County Patriotic Fund.

This Pledge holds good for the duration of the war.

Signed, _____
Solicited by _____
Member of Patriotic Fund Campaign Committee.

This pledge is to apply to all National and Local Patriotic War donations including all National Religious War donations, but does not include Liberty Bonds and War Savings Stamps, which are investments and not donations. This pledge may be suspended by the Executive Committee at any time.

This subscription may be paid at any time in advance.

The above cards shall be executed in duplicate, one to be left with the employer and the other with the Secretary of said fund.

Such others, individuals, partnerships or corporations as may not be reached through employers shall be asked to subscribe to each fund an amount not less than the equivalent of one hour of the wage earners wages to be computed on the basis of 2% of his or its income.

Such subscription shall be in the following form:

Patriotic Fund Pledge Card No. 2
I hereby agree to give _____ annually, based on 2% of my estimated actual income, payable monthly beginning with the _____ day of May 1918 for War Relief, with the understanding that no other War Relief solicitations are to be authorized.

I hereby authorize the treasurer of said fund draw at sight on me through any bank for said monthly payment, five days after said payment is due, in case I fail to pay said amount.

This pledge holds good for the duration of the war.

Signed, _____
Solicited by _____
Member Patriotic Fund Campaign Committee.

This pledge is to apply to all National and Local Patriotic War do-

If Swift & Company Made No Profit

The cattle raiser would receive only
1/8 cent a pound more for his cattle

So small is Swift & Company's profit on any single transaction that if it were turned over to the cattle raisers of the country, they would receive only 1/8 cent a pound more for cattle than they receive now.

Swift & Company pays for live cattle about 90% of the amount received for dressed meat and by-products. The remaining 10% pays for packing-house expense, freight to market, operation of distributing houses and profit. Swift & Company's actual figures per head for 1917 on over two million cattle were as follows:

Receipts		Payments	
From By-products	\$24.09	Paid for Live Cattle	\$84.45
26%		91%	
From Meat	\$68.97		
74%			
Total	\$93.06	Total	\$93.06

* This net profit of \$1.29 per head averages 1/8 cent a pound live weight.

And out of this small net profit dividends must be paid to shareholders.

nations including all National Religious War donations approved by the Executive Committee, but does not include Liberty Bonds and War Savings Stamps, which are investments and not donations. This pledge may be temporarily suspended by the Executive committee at any time.

This subscription may be payable at any time in advance.

5. All money received from each subscriptions shall be deposited in such banks as the Executive Committee shall authorize and on such terms as the Executive committee shall make and all disbursements of the fund shall be made by check signed by the Chairman and Secretary of the Executive Committee after approval by two-thirds of all members of said Executive Committee who shall scrutinize every project with reference to the following tests:

1. Is it authorized by direct or delegated governmental authority?
2. Is it an unjustifiable duplication of other projects to which contributions are made?
3. Is it managed efficiently so that funds contributed are not largely consumed in salaries or overhead expenses?

6. Subscriptions shall be payable on or before the _____ day of each month at the office of the Treasurer and in the towns outside of the city to the Chairman of the Council of Defense in each town.

7. Every subscriber to this fund shall be entitled to and receive a Patriotic Fund Button, which shall designate such subscribers as a patriotic member, and will operate as a protection against any other solicitation for patriotic purposes with the exception of Liberty Bonds and War Savings Stamps. All subscribers shall automatically become members of the Red Cross.

8. All local patriotic calls for war purposes such as for the sup-

port of Oneida county Red Cross Work and others approved by the Executive Committee shall be paid for out of said fund.

9. National demands of all sorts as approved by the Executive Committee will be treated proportionately exactly alike, by the Executive Committee taking into consideration the proportion to the total amount of the national campaigns involved and to the amount of money available in said fund.

10. At any time during said year that the Executive Committee is satisfied that there is enough money already in said fund for all demands approved by said committee, subscriptions may be temporarily suspended, to be resumed at any time that said Executive Committee directs.

11. Requests or calls for war funds from any organizations shall be filed with the Secretary of said fund in writing.

12. All expenses necessarily incurred by said organization and approved by the Executive Committee shall be paid out of said fund in the same manner as contributions to war purposes above specified.

The motto of this fund shall be "An hour a week for War Relief."

The basic principle shall be: A fund for all war needs, raised from and distributed for the entire community regardless of race, creed or color.
